

# Seniors' WrapAround.

Every  
One  
Matters.

The London InterCommunity Health Centre is leading a new program, called Seniors' WrapAround, funded by the South West Local Health Integration Network.

WrapAround is a process that can be best described as a collaborative, team-based approach to accessing services and life planning.

Our WrapAround program supports immigrant and francophone individuals, aged 55+, who are living in private homes but have few community or social supports – leaving them isolated and at higher risk of hospitalization or long-term care placement.

As a concerned community agency or organization, family physician, health care professional, faith community or family member, you may refer isolated seniors to our WrapAround program. There is no cost to participants.

A referred senior will be partnered with one of our WrapAround Facilitators. It is the Facilitator's role to work with the senior and his or her family to form a WrapAround team. Team members, selected by the senior, may include friends, family members, neighbours, or service providers that the senior may or may not already be working with.

**With the right combination of supports in place, seniors participating in the WrapAround program will find solutions to many of their day-to-day concerns and live happier, healthier lives in their own homes.**

## Locally, our partners include:

- Victorian Order of Nurses
- Across Languages
- Council for London Seniors
- Association canadienne française de l'Ontario, Conseil régional de London-Sarnia
- Community Services Coordination Network
- Pathways
- Family Services Thames Valley
