

## **Employment Opportunity – Registered Nurse, Primary Care Team**

For more than 25 years, the London InterCommunity Health Centre has provided health and social services to those who experience barriers to care including poverty, homelessness, language or culture, and complex and/or chronic health conditions including mental health and addictions. Today the organization is viewed as a community leader in newcomer health, care of vulnerable women, issues of health equity, client-led service development and the advancement of partnerships that improve access to vital services for the community's most vulnerable.

Working to a full scope of practice, the RN will provide comprehensive primary care nursing, in a primary care clinic setting. This includes analysis of health behaviours related to lifestyle and culture, review of client's medical history, physical assessments, nursing diagnosis, and in collaboration with the client, development and implementation of care plans. The RN works as a member of a multi-disciplinary team supported by physicians, nurse practitioners, dietitians, social workers, community development workers, and support staff.

The RN also functions and participates in the development, implementation, monitoring and evaluation of programs, services and quality improvement initiatives for the communities served. The successful candidate will act with professionalism and courtesy toward clients, the general public and colleagues and will demonstrate knowledge and valuing of the clients' life situation.
