

Employment Opportunity

Full Time Diabetes Educator – Registered Nurse or Registered Dietitian

The Diabetes Team at the London InterCommunity Health Centre seeks a full time **Registered Nurse (RN) or Registered Dietitian (RD)** committed to providing high quality education and healthcare services to people living with diabetes, as well as people who are at risk of developing diabetes.

The DEP – RN/RD provides high quality diabetes care, prevention services, education and programs to clients of the Health Centre and the broader community. In this role, The DEP-RN/RD will provide individual diabetes education counselling, community outreach and health promotion/ education to individuals, families and the community.

The Registered Nurse or Registered Dietitian, Diabetes works as a member of a multi-disciplinary team supported by physicians, nurse practitioners, social workers, community development workers, and support staff.

This full time position requires a flexible schedule that will include evening and weekend hours.

Qualifications

- Current registration with the College of Nurses of Ontario or
- Current registration with the College of Dietitians of Ontario
- Certification as a Diabetes Educator preferred
- Minimum of two (2) years diabetes clinical experience, preferably in a primary care;
- Awareness of and understanding of the social determinates of health, health promotion and Adult Education Principles;
- Provide thorough, holistic assessment, monitoring and education for clients with diabetes taking into consideration the client's level of knowledge, readiness, socio-economic and cultural background, psychological factors, medical and nutrition profile;
- Provide one-to-one nursing care to clients living with diabetes, including education and support in insulin initiation and titration;
- Experience facilitating individual and group education sessions;
- Ability to work with diverse communities with respect, sensitivity, creativity, innovation, cultural understanding, non-judgemental and facilitation skills;
- Excellent written and oral communication skills;
- Ability to maintain complete and accurate records in accordance with the Health Centre's policies;
- Strong computer skills, including the use of MS Office Products and Electronic Medical Records
- French and other language proficiency is considered an asset
